

DRIVING THE CHANGE

SYDNEY

11 OCTOBER 2023

WELCOME TO ICON APAC'S 30TH ANNIVERSARY CONFERENCE.

It's great to be back after a 5 year absence. We are really excited to bring you this conference to not only address the current challenges and opportunities in professional services, but most importantly, to provide a forum for you to reconnect with your peers and friends in the industry.

Launched 30 years ago as a community of professional services marketers, ICON, then APSMA, has now evolved into an organisation which reflects the diversity, complexity and expertise of our industry. ICON is your organisation to leverage and lean into – I encourage you to get involved and continue to make the most of the opportunities it can provide. I've personally been involved with ICON for 12 years, in which time I have built a fantastic network of great people whom I constantly connect with to bounce ideas or gain insight and opinions from. This has helped me develop and grow in my role with the added bonus of also making lifelong friends, something I will be forever grateful for.

We're at the start of a new chapter – the way we work is constantly changing and we have to be increasingly resilient and adaptive. The sessions in our conference are intended to help you navigate the new landscape and provide the knowledge you need to set the agenda for your firm's growth and renewal.

We hope you get a lot out of the day and look forward to catching up with you at the cocktail party. Most of all, have fun!
